

Technology
you can count on.

When Success Counts. Performance Matters.

Reliability. Experience. Teamwork.
All from a single point of contact.

Independents Fiber Network is an Ohio-based company that provides a high performance, high capacity fiber network with national and international reach for next generation voice, video and data services. Independents Fiber Network offers the ease of a single point of contact for the ordering, provisioning and monitoring of your transport services.

We ensure you get the most for your technology budget by bringing Ethernet-over-Fiber transport solutions to your doorstep.

Either independently or in partnership with one of our providers, we can deliver the transport technology that is right for you.

- Ethernet Transport Services (ETS)
- SONET OCNx Services
- TDM Services
- Dense Wave Division Multiplexing Services (DWDM)
- Internet Access Services
- Managed Fiber Tail Services
- MPLS Network Services
- Disaster Recovery Sites
- Collocation Services

If you are interested in learning more about our turnkey fiber solutions for your business, call us today or return this form via fax or email.

INDEPENDENTS FIBER NETWORK

INDEPENDENTS FIBER NETWORK – YOUR SINGLE POINT OF CONTACT FOR CONNECTIVITY ACROSS TOWN OR AROUND THE WORLD

STATEWIDE ACCESS

Independents Fiber Network connects with the regional networks of Consolidated Electric Cooperative (CEC-Enlite), Horizon Telecom, and OneCommunity (Everstream) allowing us to source connectivity throughout the State of Ohio.

- To learn more about CEC-Enlite's network coverage visit: <http://www.enlifefiber.com/network/>
- To learn more about OneCommunity-Everstream's network coverage visit: <http://www.onecommunity.org/broadband-services/>
- To learn more about Horizon Telecom's network coverage contact Independents Fiber Network
- Independents Fiber Network also connects with the State of Ohio Network and Ohio's Higher Education Network. To learn more about the State's network coverage visit: <https://www.oar.net/ommc>

NATIONAL ACCESS

Independents Fiber Network is proud to be an owning member of INDATEL. INDATEL has 28 members who represent 500 Local Rural Exchange Carriers, 70,000 fiber optic route miles across America, and over 5,000 communities served. To learn more about INDATEL's network coverage visit <http://www.indatelgroup.org/NetworkMappage.html>

REGIONAL, NATIONAL AND INTERNATIONAL ACCESS THROUGH STRATEGIC POINTS OF INTERCONNECTION (PoIs)

Independents Fiber Network maintains Points-of-Presence (PoP) at key carrier neutral sites and carrier specific sites in Western and Central Ohio as well as Chicago, IL that allow us to serve as your single point of contact for connectivity around the nation and around the globe.

- PoP at 350 E Cermak St; Chicago, IL in the Equinix datacenter
- PoP at 535 and 555 Scherers Court; Columbus, OH in the Cologix DataCenter (formerly Datacenter.BZ)
- PoP at Suite B2-0008, 180 E Broad St; Columbus, OH
- PoP at Basement, 130 W 2nd St; Dayton, OH
- PoP at West Suite, 4170 Allium Ct; Springfield, OH
- PoP at Basement, 1 Limestone St; Springfield, OH
- PoP at CISP Carrier Space, 3035 Moffat Rd; Toledo, OH
- PoP at multiple carrier specific network center sites and through jointly-lit fiber mid-span meet-point (MSMP) PoI sites throughout Ohio. Contact Independents Fiber Network for availability of coverage to your specific domestic or international site.
